

Ph. D Guided and awarded during the academic years (2015 to 2018)

Sr. No.	Faculty Name	No. Candidates Awarded for PhD			No. of Candidates Ongoing PhD
		CAY (2018-19)	CAYm1 (2017- 18)	CAYm2 (2016- 17)	
1.	Dr. Chaudhari Pravin	1	4	3	6
2.	Dr. Jadhav Shailaja	-	-	-	6
3.	Dr. Bandawane Deepti	-	-	-	7
4.	Dr. Pimple Smita	-	-	-	3
5.	Dr. Shaikh Karimunnisa	-	-	-	3

Faculty awarded Ph D during the Academic Years (2015 to 2018)

S. No.	Faculty Name	Title	Year Awarded
1	Dr. A. A. Phatak	Evaluation of novel transdermal delivery system for some anti-inflammatory drugs.	2015
2.	Dr. P. S. Uttekar	Formulation and evaluation of engineered nano and micro pharmaceuticals for novel drug delivery systems.	2015
3.	Dr. V. V. Chopade	Design and optimization of SEDDS for enhancement of solubility and stability of NSAID's formulation.	2015
4.	Dr. B. P. Pimple	Phytochemical and pharmacological investigation of herbs in the treatment of ulcers in Diabetes mellitus	2016
5.	Dr. P. N. Sable	Synthesis and study of some novel heterocycles with the di keto moiety as possible antimicrobial agents	2016
6.	Dr. P. M. Patil	Development of stability indicating assay methods for estimation of some drugs in pure form and in pharmaceutical samples	2016
7.	Dr. A. R. Balap	Studies on herb-drug interaction of selected herbs and drugs.	2017
8.	Dr. M. T. Harde	Development, validation and stability indicating study of some marketed formulations by spectrophotometric and chromatographic method	2017
9.	Dr. M. C. Kuchekar	Investigations of the thespesia populnea, thespesone and its metal complexes.	2017
10.	Dr. P. S. Kore	Pharmacological evaluation of some phytoconstituents on some behavioral disorders	2017

11.	Dr. K. A. Kedar	Phytochemical and pharmacological investigation of Puntranjiva roxbourghi Wall, Tecoma gaundichaudi DC.	2018
12.	Dr. A. S. Tapkir	Synthesis and biological evaluation of some benzothiazole derivatives.	2018

Faculty pursuing Ph.D. during the Academic Years (2015 to 2018)

S. No.	Faculty Name	Title	Year enrolled
1.	Mr. S. Y. Chaudhari	Design, synthesis and evaluation of some heterocyclic rings of potential anti alzimer agents	2015
2.	Mrs. A. G. Purohit	Nanotechnology combination strategy to combat cancer	2015
3.	Ms. N. M. Gaikwad	Nanotechnology assisted drug delivery system	2015
4.	Mrs. A.G. More	Development of Lipid Based Self Emulsifying Drug Delivery System for Poorly Water Soluble Drugs	2012
