## Modern College of Pharmacy, Nigdi, Pune-44. Training and Placement Cell

## TRAINING

A meaningful and value based technical education is not complete without proper exposure to industrial environment and R & D. The linkage with industry enables students to use their practical experience and initiative in tackling existing problems. For this purpose, we arrange practical training of our B. Pharm students at various organizations and industries for at least four weeks. Similarly, the M. Pharm students can undertake training at industries or gain industrial exposure by performing partial/ complete dissertation work at industries of repute

## TRAINING UNDERTAKEN BY B.PHARM GRADUATES
