## Summary Report

Type of Program	Certificate course on MedDRA coding
Period	23 <sup>rd</sup> November 2022 – 29 <sup>th</sup> November 2022 (36 hrs)
Brief Report	<p>A certificate course in MedDRA coding was conducted at the institute in Collaboration with Elite institute of Pharma skills, Pune. The course was held between 23<sup>rd</sup> November 2022 – 29<sup>th</sup> November 2022 (36 hrs). The course covered varied topics like in Module I participants were introduced to the field of Pharmacovigilance and its importance, and the module covered the fundamentals of adverse drug reactions (ADRs) and the significance of safety reports. Module II focused on the methodologies employed in Pharmacovigilance. Module III explored the basics of the Medical Dictionary for Regulatory Activities (MedDRA). Module IV focused on data analysis and query building techniques in Pharmacovigilance. Module V The final module of the course involved an industry-based case study, where participants applied their acquired knowledge and skills in a real-world scenario. 57 students at the institute enrolled for this course. The chief course conductors were Elite institute of Pharma skills.</p> <p>Overall, the MedDRA coding course provided participants with a comprehensive understanding of Pharmacovigilance principles, ADR reporting, and the role of MedDRA in coding and analysing adverse events. The course equipped participants with the necessary skills to effectively contribute to drug safety and ensure accurate and standardized reporting of ADRs.</p> <p>The course was Coordinated by Mrs. R. A. Jinturkar Assistant Professor Department of Pharmaceutical Chemistry and well supported by the administrative and non-teaching staff.</p>

#### Summary Report

Type of Program	Certificate Course on Drug Safety Aggregate Reporting
Period	08 <sup>th</sup> December 2022 – 14 <sup>th</sup> December 2022 (34 hrs)
Brief Report	A certificate course in Drug Safety Aggregate Reporting was conducted at the institute in Collaboration with Elite institute of Pharma skills, Pune. The course was held between 08th December 2022 – 14th December 2022 (34hrs). The course covered varied topics like in Module I The first module of the course introduces the fundamentals of pharmacovigilance Module II Participants learn about the purpose, structure, and content of DSURs and PSURs which are required for investigational drugs during clinical development. Module III Participants explore the purpose and scope of PBRERs Module IV Participants learn about the structure and content of PADERs. Module V focuses on practical application through industry-based case studies. 54 students at the institute enrolled for this course. The chief course conductors were Elite institute of Pharma skills. Overall, the Course on Drug Safety Aggregate Reporting covers the essential aspects of aggregate reporting in pharmacovigilance. Participants gain a comprehensive understanding of DSURs, PSURs, PBRERs, and PADERs, along with the basics of pharmacovigilance. Through industry-based case studies, participants develop practical skills in analysing and reporting drug safety data. This course equips professionals in the pharmaceutical industry with the necessary knowledge and expertise to ensure drug safety and regulatory compliance. #### Intellectual Property Rights And Competition Law

By Prof. KD Ram, Prof. Nivanka Saboo Bhattacharya | IIT Kharagpur

Learners enrolled: 4315

#### ABOUT THE COURSE

Competition Law and Intellectual Property Law seems face appear to have conflicting objectives and goals. While Competition law operates towards facilitating the market growth by cutting anti-competitive practices in the market, IPRs confer exclusive monopoly to the proprietor. However, both are intended towards promoting innovations and consumer welfare in the ever evolving technology driven society. The course teaches the interplay of IPRs and competition law pertaining to the exercise of rights in IPRs, relating to competition law. The course, in the light of the above intricacies and problems the course aims to discuss the general principles and laws related to Intellectual Property Right and Competition law. The course also provides an overview of the application and operation of both the laws in different jurisdictions and tries to simplify the overlapping domain of IP and Competition Law.

**INTENDED AUDIENCE:** Students from Law, Management and business studies, and Technical background can benefit from the program.

**PREREQUISITES:** As a necessary, prior introduction to Intellectual Property Rights, may be useful.
