### **Introduction to ALUMNI association:**

Alumni association of Modern College of Pharmacy is a registered body working for the development of students and the college. It was established during year 2009 as per the bylaws of the association. Alumni association was officially registered in 2011 (Reg. No. Maha/1584/2011/Pune) and consists of eleven members which includes president, vice president, secretary, joint secretary, treasurer and members.

The Association takes efforts to increase the number of active and engaged alumni through the addition of events, receptions and reunions. Such events help to cultivate donor prospects, engage current and potential members, and outreach to alumni who may have previously remained untouched by the influence of the college. More than 950 students are officially registered in alumni association.

The mission is to enhance interaction among alumni, students, the community and the College. The college has developed online alumni portal (<https://alumni.mcop.org.in/>) which helps current students to get contact with Alumni all over the world and acquire help regarding career guidance. More than 21 alumni are working in different countries.

Alumni contribute significantly to the development of the Institute through financial and non-financial means.
