GUEST LECTURES

Guest lectures can aid students in finding career path opportunities and also help them develop positive attitudes towards their profession. We invite eminent personalities from industries and institutions to deliver valuable talks on technical and nontechnical topics. These lectures help to fill the curriculum gaps and keep the students abreast of latest updates in the field. Following areas are covered in conducting guest lectures to support multifaceted development of students

Guest lectures arranged in past 3 years

Academic Year	2016-2017	2017-2018	2018-2019
No. of Guest lectures	24	20	25
